JOURNAL ENTRY

In an effort to make the judicial system more accessible to the public, the Ninth District Court of Appeals will video record oral arguments and make the recordings available on the internet through a link on the Court's website. This is a pilot program and it may be revised to address technical and procedural issues.

The Court will endeavor to record all oral arguments except those that are required to be confidential. *See, e.g.*, App.R. 11.2(B); Sup.R. 23(J). The oral argument recordings will be made available on-line as soon as possible after oral argument. They will remain available for at least the duration of this pilot program.

The oral argument videos are not an official record of the proceedings. The videos are made available to the general public for informational purposes only.

This standing order shall remain in effect until replaced by a Local Rule or withdrawn or modified by the Court.
